

Effective, up-to-the-minute education targeted for field data collectors, their supervisors and those preparing for the COS-C Exam.

Experience the comprehensive and nationally acclaimed two-day Blueprint for OASIS Accuracy workshop and learn to confidently teach, audit and collect OASIS-C items accurately. Through guided, expert instruction, and participation in problem-solving discussions and application scenarios, achieve mastery of the OASIS items, conventions, and the latest data collection rules.

Rather than provide opinions, assumptions, or unfounded interpretations, the "Blueprint" presenters will model reliance on CMS guidance documents and provide and demonstrate strategies for how to find defensible answers to your OASIS questions.

Two FULL day OASIS-C Data Collection Rules & Guidance workshop, with optional Certificate of OASIS Specialist-Clinical Exam Administration.

WORKSHOP FACILITATORS

KIM CORRAL

BSN, Ma, Ed, HCS-D, BCHH-C, COS-C

Kim is a registered nurse, practicing in home health since 1984. She has held both clinical and operational positions at the regional and national level. Kim has extensive experience speaking for national home care organizations on OASIS data collection and strategies, documentation standards, operational processes to support OASIS and ICD-9 coding accuracy. She holds both the Certificate for OASIS Specialist-Clinical and the Home Care Coding Specialist-Diagnosis certification. Kim is an Associate Consultant with OASIS Answers, Inc.

ANNETTE LEE

RN, MS, HCS-D, COS-C

Annette is a registered nurse practicing since 1990, with the majority of her nursing experience in home health care. In 2000, she joined the home health intermediary Cahaba GBA medical review and appeals unit reviewing home health documentation. Annette also focused on medical review, appeals and provider outreach and has extensive experience providing education to home health providers on Medicare reimbursement issues and effective documentation strategies. Her broad experiences make her uniquely able to provide practical solutions to meet the requirements of the fiscal intermediary system and medical review within the "real world" environment of home health. She presents nationally on OASIS, PPS, documentation and coverage and provides content expertise to the CMS OASIS Q&A Mailbox. Annette has earned the Certificate for OASIS Specialist-Clinical (COS-C) designation and is a Senior Associate Consultant with OASIS Answers.
